

Vacating Tenant Checklist

It is your duty as the outgoing tenant to ensure the property is returned to the owner in the same condition it was handed to you at the commencement of your tenancy. Failure to clean the premises properly can result in costs incurred to you and deductions from your bond.

Your ingoing condition report and photos are the primary documents used to compare the condition of the property on departure, to that of when you entered the property. **If the condition report was not returned to our office within 7 days of being issued at the commencement of your tenancy, the original on file with our office, will be used.**

If an item needs attention, you will be given 2 days (48 hours), where possible, to remedy the issue, after which time, a professional cleaner/tradesperson will be employed and the cost deducted from your bond.

Once you have advised our office of a vacating date we will need to arrange a time and date for the final inspection, you do not need to be present at this inspection, but we strongly recommend you attend.

The below checklist and information will assist you in preparing to vacate the premises.
